Preface.....	xxi
--------------	-----

Volume I

Section 1 Fundamental Concepts and Theories

This section serves as a foundation for this exhaustive reference tool by addressing underlying principles essential to the understanding of Standards and Standardization. Chapters found within these pages provide an excellent framework in which to position Standards and Standardization within the field of information science and technology. Insight regarding the critical incorporation of global measures into Standards and Standardization is addressed, while crucial stumbling blocks of this field are explored. With 11 chapters comprising this foundational section, the reader can learn and chose from a compendium of expert research on the elemental theories underscoring the Standards and Standardization discipline.

Chapter 1

Semantic Web Standards for Publishing and Integrating Open Data	1
<i>Axel Polleres, Vienna University of Economics and Business (WU Wien), Austria</i>	
<i>Simon Steyskal, Vienna University of Economics and Business (WU Wien), Austria & Vienna University of Technology (TU Wien), Austria</i>	

Chapter 2

Common Core State Standards: The Promise for College and Career Ready Students in the U.S.	21
<i>Carol Adamec Brown, East Carolina University, USA</i>	

Chapter 3

Fundamental Aspects for E-Government.....	52
<i>Dirk Burkhardt, Fraunhofer Institute for Computer Graphics Research (IGD), Germany</i>	
<i>Kawa Nazemi, Fraunhofer Institute for Computer Graphics Research (IGD), Germany</i>	
<i>Jan Ruben Zilke, Fraunhofer Institute for Computer Graphics Research (IGD), Germany</i>	
<i>Jörn Kohlhammer, Fraunhofer Institute for Computer Graphics Research (IGD), Germany</i>	
<i>Arjan Kuijper, Technische Universität Darmstadt, Germany</i>	

Chapter 4

Loose Integration of Local Information to Generate Collaborative Marine Science Knowledge 69

Adam Leadbetter, British Oceanographic Data Centre, NERC, UK

Robert Arko, Columbia University, USA

Cynthia Chandler, Woods Hole Oceanographic Institution, USA

Adam Shepherd, Woods Hole Oceanographic Institution, USA

Roy Lowry, British Oceanographic Data Centre, NERC, UK

Chapter 5

Common Core Standards for Mathematical Practice and TPACK: An Integrated Approach to Instruction 92

Jayne Linton, Lenior-Rhyne University, USA

David Stegall, Newton-Connover City Schools, USA

Chapter 6

On the Scientific Foundations of Enterprise Interoperability: The ENSEMBLE Project and Beyond 108

Yannis Charalabidis, University of the Aegean, Greece

Fenareti Lampathaki, National Technical University of Athens, Greece

Ricardo Jardim-Goncalves, Centre of Technology and Systems (CTS) – UNINOVA, Portugal

Chapter 7

Informational Text and the Common Core 128

Debra Rosenblum, Henderson University School, USA & Florida Atlantic University High School, USA

Chapter 8

The Multidimensional Business Value of Information Systems Interoperability 137

Euripidis Loukis, University of Aegean, Greece

Yannis Charalabidis, University of Aegean, Greece

Vasiliki Diamantopoulou, University of Aegean, Greece

Chapter 9

The Role of Security Culture 156

Jo Malcolmson, QinetiQ Ltd, UK

Chapter 10

Consumer Privacy Enforcement in Context-Aware Web Services 173

Georgia M. Kapitsaki, University of Cyprus, Cyprus

Chapter 11

Security of ICTs Supporting Healthcare Activities 192

José Manuel Gaivéo, School of Business and Administration of Polytechnic Institute of Setubal, Portugal

Section 2 Tools and Technologies

This section presents an extensive coverage of various tools and technologies available in the field of Standards and Standardization that practitioners and academicians alike can utilize to develop different techniques. These chapters enlighten readers about fundamental research on the many tools facilitating the burgeoning field of Standards and Standardization. It is through these rigorously researched chapters that the reader is provided with countless examples of the up-and-coming tools and technologies emerging from the field of Standards and Standardization. With 13 chapters, this section offers a broad treatment of some of the many tools and technologies within the Standards and Standardization field.

Chapter 12

Teaching and Learning the Common Core State Standards in Mathematics with Web 2.0 Tools 214

Jeffrey Hall, Mercer University, USA

Lucy Bush, Mercer University, USA

William Lacefield, Mercer University, USA

Chapter 13

Developing Secure Software Using UML Patterns 228

Holger Schmidt, TÜV Informationstechnik GmbH, Germany

Denis Hatebur, University Duisburg-Essen, Germany, & ITESYS Institut für Technische Systeme GmbH, Germany

Maritta Heisel, University Duisburg-Essen, Germany

Chapter 14

Users as Prosumers of PETs: The Challenge of Involving Users in the Creation of Privacy

Enhancing Technologies 265

Julio Angulo, Karlstad University, Sweden

Chapter 15

Disclosure and Privacy Settings on Social Networking Sites: Evaluating an Instructional

Intervention Designed to Promote Informed Information Sharing 287

Karin Archer, Wilfrid Laurier University, Canada

Eileen Wood, Wilfrid Laurier University, Canada

Amanda Nosko, Wilfrid Laurier University, Canada

Domenica De Pasquale, Wilfrid Laurier University, Canada

Seija Molema, Wilfrid Laurier University, Canada

Emily Christofides, Wilfrid Laurier University, Canada

Chapter 16

On the Use of Formal Methods to Enforce Privacy-Aware Social Networking 307

Néstor Cataño Collazos, The University of Madeira, Portugal

Sorren Christopher Hanvey, The University of Madeira, Portugal

Camilo Rueda Calderón, Pontificia Universidad Javeriana, Colombia

Chapter 17	
The Role of Compliance and Conformance in Software Engineering.....	333
<i>José C. Delgado, Universidade de Lisboa, Portugal</i>	
Chapter 18	
Transport Layer for Cognitive Radio Sensor Networks.....	361
<i>Yasir Saleem, Sunway University, Malaysia</i>	
<i>Farrukh Salim, NED University of Engineering and Technology, Pakistan</i>	
Chapter 19	
Hybrid Modeling: An Instrument for Conceptual Interoperability.....	387
<i>Robert Woitsch, BOC Asset Management, Austria</i>	
Chapter 20	
Interoperability in Laboratory Management Information Systems.....	409
<i>Güney Gürsel, Gülhane Military Medical Academy, Turkey</i>	
Chapter 21	
A Generic Privacy Breach Preventing Methodology for Cloud Based Web Service	426
<i>S. R. Murugaiyan, Manonmaniam Sundaranar University, India</i>	
<i>D. Chandramohan, Pondicherry University, India</i>	
<i>T. Vengattaraman, Pondicherry University, India</i>	
<i>P. Dhavachelvan, Pondicherry University, India</i>	
Chapter 22	
Software Security Engineering – Part I: Security Requirements and Risk Analysis.....	459
<i>Issa Traore, University of Victoria, Canada</i>	
<i>Isaac Woungang, Ryerson University, Canada</i>	
Chapter 23	
Software Security Engineering – Part II: Security Policy, Analysis, and Design.....	495
<i>Issa Traore, University of Victoria, Canada</i>	
<i>Isaac Woungang, Ryerson University, Canada</i>	
Chapter 24	
Application Security for Mobile Devices	525
<i>Gabriele Costa, Università degli Studi di Genova, Italy</i>	
<i>Aliaksandr Lazouski, Consiglio Nazionale delle Ricerche, Italy</i>	
<i>Fabio Martinelli, Consiglio Nazionale delle Ricerche, Italy</i>	
<i>Paolo Mori, Consiglio Nazionale delle Ricerche, Italy</i>	

Volume II

Section 3 Frameworks and Methodologies

This section provides in-depth coverage of conceptual architecture frameworks to provide the reader with a comprehensive understanding of the emerging developments within the field of Standards and Standardization. Research fundamentals imperative to the understanding of developmental processes within Standards and Standardization are offered. From broad examinations to specific discussions on methodology, the research found within this section spans the discipline while offering detailed, specific discussions. From basic designs to abstract development, these chapters serve to expand the reaches of development and design technologies within the Standards and Standardization community. This section includes 18 contributions from researchers throughout the world on the topic of Standards and Standardization.

Chapter 25

Model Development and Hypotheses 552

Björn Münstermann, University of Bamberg, Germany

Chapter 26

The Development of Open Government Data in Austria..... 591

Johann Höchtel, Danube University Krems, Austria

Peter Parycek, Danube University Krems, Austria

Florian Sedy, Danube University Krems, Austria

Chapter 27

How to Implement Standardization Education in a Country 600

Henk J. de Vries, Erasmus University, The Netherlands

Chapter 28

A Taxonomy of Scientific Areas Driving Assessment of Organisations Readiness..... 613

Sotirios Koussouris, National Technical University of Athens, Greece

Spiros Mouzakitis, National Technical University of Athens, Greece

Fenareti Lampathaki, National Technical University of Athens, Greece

Chapter 29

Agile Development of Security-Critical Enterprise System..... 629

Xiaocheng Ge, University of York, UK

Chapter 30

A Conceptual Framework for Enterprise Interoperability 652

Wided Guédria, CRP Henri Tudor, Luxembourg

Chapter 31

Enterprise Interoperability Science Base Structure 663

Keith Popplewell, Coventry University, UK

Chapter 32	
Informational, Physical, and Psychological Privacy as Determinants of Patient Behaviour in Health Care	686
<i>Natalia Serenko, Lakehead University, Canada</i>	
Chapter 33	
The “Smart” Regulatory Framework	706
<i>Siqiwen Li, James Cook University, Australia</i>	
Chapter 34	
Designing Complex Agent Interaction Protocols Using Colored Petri Nets:	728
<i>Djamel Benmerzoug, University Constantine 2, Algeria</i>	
Chapter 35	
Information Security Program Effectiveness in Organizations: The Moderating Role of Task Interdependence	751
<i>Kenneth J. Knapp, University of Tampa, USA</i>	
<i>Claudia J. Ferrante, United States Air Force Academy, USA</i>	
Chapter 36	
Integrated Security Process Improvement Framework for Systems and Services	772
<i>Muthu Ramachandran, Leeds Metropolitan University, UK</i>	
Chapter 37	
A Security Risk Management Metric for Cloud Computing Systems	788
<i>Mouna Jouini, ISG, Tunisia</i>	
<i>Latifa Ben Arfa Rabai, ISG, Tunisia</i>	
Chapter 38	
A Framework for Measuring the Deployment of Internet Protocols	809
<i>Tapio Levä, Aalto University, Finland</i>	
<i>Antti Riikonen, Aalto University, Finland</i>	
<i>Juuso Töyli, Turku School of Economics, Finland</i>	
<i>Heikki Hämmäinen, Aalto University, Finland</i>	
Chapter 39	
Management of Technical Security Measures: An Empirical Examination of Personality Traits and Behavioral Intentions	836
<i>Jörg Uffen, Leibniz Universität Hannover, Germany</i>	
<i>Michael H. Breitner, Leibniz Universität Hannover, Germany</i>	
Chapter 40	
A Perturbation Method Based on Singular Value Decomposition and Feature Selection for Privacy Preserving Data Mining	854
<i>Mohammad Reza Keyvanpour, Alzahra University, Iran</i>	
<i>Somayyeh Seifi Moradi, Ports and Maritime Organization, Iran</i>	

Chapter 41

A Structured Method for Security Requirements Elicitation concerning the Cloud Computing Domain.....	875
<i>Kristian Beckers, Univeristy of Duisburg-Essen, Germany</i>	
<i>Isabelle Côté, ITESYS Institute for Technical Systems GmbH, Germany</i>	
<i>Ludger Goeke, ITESYS Institute for Technical Systems GmbH, Germany</i>	
<i>Selim Güler, EASY SOFTWARE AG, Germany</i>	
<i>Maritta Heisel, University of Duisburg-Essen, Germany</i>	

Chapter 42

An Extension of Business Process Model and Notation for Security Risk Management.....	897
<i>Olga Altuhhov, University of Tartu, Estonia</i>	
<i>Raimundas Matulevičius, University of Tartu, Estonia</i>	
<i>Naved Ahmed, University of Tartu, Estonia</i>	

Section 4 Cases and Applications

This section discusses a variety of applications and opportunities available that can be considered by practitioners in developing viable and effective Standards and Standardization programs and processes. This section includes 11 chapters. Contributions included in this section provide excellent coverage of today's IT community and how research into Standards and Standardization is impacting the social fabric of our present-day global village.

Chapter 43

Exploring the Factors Influencing the Adoption of Open Government Data by Private Organisations	921
<i>Maaïke Kaasenbrood, Delft University of Technology, The Netherlands</i>	
<i>Anneke Zuiderwijk, Delft University of Technology, The Netherlands</i>	
<i>Marijn Janssen, Delft University of Technology, The Netherlands</i>	
<i>Martin de Jong, Delft University of Technology, The Netherlands & Fudan University, China</i>	
<i>Nitesh Bharosa, Delft University of Technology, The Netherlands</i>	

Chapter 44

Providing Information from Brazilian Politicians Using Linked Data	939
<i>Jairo Francisco de Souza, Federal University of Juiz de Fora, Brazil</i>	
<i>Sean Wolfgang Matsui Siqueira, Federal University of the State of Rio de Janeiro (UNIRIO), Brazil</i>	
<i>Lucas de Ramos Araújo, Federal University of Juiz de Fora, Brazil</i>	
<i>Rubens Nascimento Melo, Federal University of Juiz de Fora, Brazil</i>	

Chapter 45

Seizing Opportunities for the Support of Innovation through Committee Standards and Standardization: Insights from German Companies.....	954
<i>Nizar Abdelkafi, Fraunhofer Center for Central and Eastern Europe, Germany & University of Leipzig, Germany</i>	
<i>Sergiy Makhotin, Fraunhofer Center for Central and Eastern Europe, Germany & University of Leipzig, Germany</i>	

Chapter 46	
Profiles and Motivations of Standardization Players	975
<i>Cesare A. F. Riillo, STATEC (National Institute for statistics and economic studies of the Grand Duchy of Luxembourg), Luxembourg</i>	

Chapter 47	
Adoption of ISO 27001 in Cyprus Enterprises: Current State and Challenges	994
<i>Ioanna Dionysiou, University of Nicosia, Cyprus</i>	
<i>Angelika Kokkinaki, University of Nicosia, Cyprus</i>	
<i>Skevi Magirou, University of Nicosia, Cyprus</i>	
<i>Theodosios Iacovou, University of Nicosia, Cyprus</i>	

Chapter 48	
Understanding the Information Security Landscape in South Africa: Implications for Strategic Collaboration and Policy Development	1018
<i>Blessing M. Maumbe, West Virginia University, USA</i>	
<i>Vesper Owei, Cape Peninsula University of Technology, Republic of South Africa</i>	

Chapter 49	
Publishing Statistical Data following the Linked Open Data Principles: The Web Index Project	1032
<i>Jose María Álvarez Rodríguez, University of Oviedo, Spain</i>	
<i>Jules Clement, World Wide Web Foundation, Switzerland</i>	
<i>José Emilio Labra Gayo, University of Oviedo, Spain</i>	
<i>Hania Farhan, World Wide Web Foundation, Switzerland</i>	
<i>Patricia Ordoñez de Pablos, University of Oviedo, Spain</i>	

Chapter 50	
Prior Negative Experience, Online Privacy Concerns and Intent to Disclose Personal Information in Chinese Social Media	1053
<i>Hongwei “Chris” Yang, Appalachian State University, USA</i>	

Chapter 51	
Students’ Experiences Composing and Decomposing Two-Dimensional Shapes in First and Second Grade Mathematics Classrooms.....	1076
<i>Drew Polly, University of North Carolina at Charlotte, USA</i>	
<i>Trisha Hill, Kannapolis City Schools, USA</i>	
<i>Tabitha Vuljanic, Kannapolis City Schools, USA</i>	

Volume III

Chapter 52	
Insights from U.S. Experience to Guide International Reliance on Standardization: Achieving Supply Chain Sustainability.....	1092
<i>John W. Bagby, The Pennsylvania State University, USA</i>	

Chapter 53

Framework Design and Case Study for Privacy-Preserving Medical Data Publishing 1115

Yu Niu, Tsinghua University, China

Ji-Jiang Yang, Tsinghua University, China

Qing Wang, Tsinghua University, China

Section 5

Issues and Challenges

This section contains 14 chapters, giving a wide variety of perspectives on Standards and Standardization and its implications. The section also discusses new ethical considerations within transparency and accountability. Within the chapters, the reader is presented with an in-depth analysis of the most current and relevant issues within this growing field of study. Crucial questions are addressed and alternatives offered.

Chapter 54

Is Open Data Enough? E-Governance Challenges for Open Government 1132

Gianluca Misuraca, Institute for Prospective Technological Studies, Spain

Gianluigi Viscusi, EPFL-CDM-MTEI-CSI, Lausanne, Switzerland

Chapter 55

Government Spending Transparency on the Internet: An Assessment of Greek Bottom-Up

Initiatives over the Diavgeia Project 1149

Evika Karamagioli, University of Athens, Greece

Eleni-Revekka Staiou, University of Athens, Greece

Dimitris Gouscos, University of Athens, Greece

Chapter 56

A Multi-Tiered Perspective on Healthcare Interoperability 1166

Craig Kuziemsky, University of Ottawa, Canada

Chapter 57

Trapped in My Mobility: How a Principle of “Control over Communicative Interaction” Can

Guide Privacy by Design in Mobile Ecosystems 1182

Lemi Baruh, Koç University, Turkey

Mihaela Popescu, California State University, USA

Chapter 58

Information Security and Information Assurance: Discussion about the Meaning, Scope, and

Goals 1204

Yulia Cherdantseva, Cardiff University, UK

Jeremy Hilton, Cranfield University, UK

Chapter 59

Infusing Innovation in the Policy Analysis and Evaluation Phases of the Policy Cycle: The Policy Compass Approach 1236

Ourania Markaki, National Technical University of Athens, Greece

Panagiotis Kokkinakos, National Technical University of Athens, Greece

Sotirios Koussouris, National Technical University of Athens, Greece

John Psarras, National Technical University of Athens, Greece

Habin Lee, Brunel University, UK

Martin Löhle, Fraunhofer FOKUS, Germany

Yuri Glikman, Fraunhofer FOKUS, Germany

Chapter 60

Analyzing Human Factors for an Effective Information Security Management System 1253

Reza Alavi, University of East London, UK

Shareeful Islam, University of East London, UK

Hamid Jahankhani, University of East London, UK

Ameer Al-Nemrat, University of East London, UK

Chapter 61

Security of Safety Important I&C Systems 1279

Vyacheslav Kharchenko, National Aerospace University- KhAI, Ukraine & Centre for Safety

Infrastructure-Oriented Research and Analysis, Ukraine

Andriy Kovalenko, Centre for Safety Infrastructure-Oriented Research and Analysis, Ukraine

Anton Andrashov, Research and Production Corporation Radiy, Ukraine

Chapter 62

Evaluating the Effectiveness of Information Security Governance Practices in Developing Nations: A Case of Ghana 1317

Winfred Yaokumah, Pentecost University College, Ghana

Chapter 63

Privacy Concerns and Networks of Communication among Classmates 1334

Francesca Odella, University of Trento, Italy

Chapter 64

Investigating Privacy Perception and Behavior on Weibo 1355

Clinton Amos, Weber State University, USA

Lixuan Zhang, Weber State University, USA

Iryna Pentina, University of Toledo, USA

Chapter 65

Security and Privacy Issues in Cloud Computing 1370

Jaydip Sen, Tata Consultancy Services Ltd., India

Chapter 66

Privacy Preserving Text Analytics: Research Challenges and Strategies in Name Analysis	1415
<i>Suresh Veluru, City University London, UK</i>	
<i>Yogachandran Rahulamathavan, City University London, UK</i>	
<i>B. B. Gupta, National Institute of Technology Kurukshetra, India</i>	
<i>Muttukrishnan Rajarajan, City University London, UK</i>	

Chapter 67

Composition of the Top Management Team and Information Security Breaches.....	1436
<i>Carol Hsu, National Taiwan University, Taiwan</i>	
<i>Tawei Wang, University of Hawaii – Manoa, USA</i>	

Section 6 Emerging Trends

This section highlights research potential within the field of Standards and Standardization while exploring uncharted areas of study for the advancement of the discipline. Introducing this section are chapters that set the stage for future research directions and topical suggestions for continued debate, centering on the new venues and forums for discussion. A pair of chapters on the usability and effectiveness research makes up the middle of the section of the final 9 chapters, and the book concludes with a look ahead into the future of the Standards and Standardization field, with “Privacy-Aware Web Service Composition and Ranking.” In all, this text will serve as a vital resource to practitioners and academics interested in the best practices and applications of the burgeoning field of Standards and Standardization.

Chapter 68

Cyber Security: Future IT-Security Challenges for Tomorrow’s Leaders and Businesses.....	1457
<i>Michael A. Goedecker, Hacker Defense Network, USA</i>	

Chapter 69

Understanding Children’s Private Speech and Self-Regulation Learning in Web 2.0: Updates of Vygotsky through Piaget and Future Recommendations	1476
<i>Adel M. Agina, University of Twente, The Netherlands</i>	
<i>Robert D. Tennyson, University of Minnesota, USA</i>	
<i>Piet A. M. Kommers, University of Twente, The Netherlands</i>	

Chapter 70

Privacy in Participatory Sensing Systems	1529
<i>Tishna Sabrina, Monash University, Australia</i>	
<i>Manzur Murshed, Monash University, Australia</i>	

Chapter 71

Underpinning EISB with Enterprise Interoperability Neighboring Scientific Domains	1550
<i>Carlos Agostinho, Centre of Technology and Systems (CTS) – UNINOVA, Portugal</i>	
<i>Ricardo Jardim-Goncalves, Centre of Technology and Systems (CTS) – UNINOVA, Portugal</i>	
<i>Adolfo Steiger-Garcia, Centre of Technology and Systems (CTS) – UNINOVA, Portugal</i>	

Chapter 72

Trends in Information Security	1582
<i>Partha Chakraborty, Cognizant Technology Solutions, India</i>	
<i>Krishnamurthy Raghuraman, Cognizant Technology Solutions, India</i>	
Chapter 73	
Towards an Enhanced Interoperability Service Utility: An Ontology Supported Approach.....	1605
<i>Irene Matzakou, National Technical University of Athens, Greece</i>	
<i>João Sarraipa, Universidade Nova de Lisboa, Portugal</i>	
<i>Ourania Markaki, National Technical University of Athens, Greece</i>	
<i>Kostas Ergazakis, National Technical University of Athens, Greece</i>	
<i>Dimitris Askounis, National Technical University of Athens, Greece</i>	
Chapter 74	
News Trends Processing Using Open Linked Data	1633
<i>Antonio Garrote, Universidad de Salamanca, Spain</i>	
<i>María N. Moreno García, Universidad de Salamanca, Spain</i>	
Chapter 75	
Privacy in the 21st Century: From the “Dark Ages” to “Enlightenment”?	1638
<i>Panagiotis Kitsos, University of Macedonia, Greece</i>	
<i>Aikaterini Yannoukakou, University of Macedonia, Greece</i>	
Chapter 76	
Privacy-Aware Web Service Composition and Ranking	1653
<i>Elisa Costante, Eindhoven University of Technology, The Netherlands</i>	
<i>Federica Paci, University of Trento, Italy</i>	
<i>Nicola Zannone, Eindhoven University of Technology, The Netherlands</i>	
Index	xxiii
