## Digital Offprints Book Contributions

Dear Contributor,

Please find the PDF file of your chapter herewith. You are allowed to make up to 25 prints of the article, for personal use only, but you are not allowed to distribute the PDF file. You retain the rights set out in Brill's self-archiving policy, which can be found at <http://www.brill.com/resources/authors/publishing-books-brill/self-archiving-rights>.

Please note that if the Consent to Publish for your article was signed before 2016, different self-archiving rights, as set out in the Consent to Publish, will apply. Please review your Consent to Publish before self-archiving.

The Publisher confirms that the following rights are reserved to the Contributor:

- a. the right after publication to include the Contribution free of charge in a compilation of own works in print, such as a collection of own articles and/or lectures, provided that due acknowledgment is made of the original publication and that the original layout is not used;
- b. the right to deposit the author's version of the Contribution – that is the accepted manuscript, not the PDF file – in an institutional or a subject repository, provided that due acknowledgment is made of the original publication;
- c. the right after publication to quote the Contribution and/or build on the content of the Contribution, on the condition that due acknowledgment is made of the original publication;
- d. the right to reproduce a limited number of copies of the Contribution for the sole purpose of private use;
- e. the right to include the Contribution in a collection by way of support to lectures and presentations given by the Contributor, on the condition that the normal exploitation of the Work by the Publisher is not harmed and that due acknowledgment is made of the original publication;
- f. the right to make announcements of the Work public in relevant circles;
- g. all intellectual and industrial property rights or any similar rights with respect to (the protection of) methods, processes, designs and models described in the Contribution.
- h. In case the Contribution is published in Brill Open under a Creative Commons License, usage is regulated as set out in the specified license. For more information go to [www.brill.com/brillopen](http://www.brill.com/brillopen).

Thank you again for publishing with us.
